

SKILLS

PROGRAMMING LANGUAGES:

Javascript, HTML, CSS

LIBRARIES/Frameworks: React.js,

Redux Toolkit, Axios, JWT, Express.js, styled-components, Tailwind CSS, Git

PLATFORM: AWS

DATABASE: MySQL

SUMMARY

- Meticulous planning by breaking down work into a bare minimum and advanced tasks allowing the team a clear understanding of the timeline and delivering service with essential functionalities in 4 weeks
- Perseverance in problem-solving and preventing the same errors by documenting error handling data in detail and sharing them with the team members
- Participation in data structures and algorithms study groups to have a better knowledge of it
- Strong communication skills developed from interpreting, teaching and customer-related positions

EDUCATION

Code States

Nov. 2021 to May 2022

Web Developer Certificate

- Immersive 7-month Full-stack Web Development Bootcamp
- 700+ active hours of pair programming, and 450+ active hours of coding for 2-week and 4-week projects

PROJECTS

HAPPY DEVING

Apr. 2022 to May 2022

Social media platform for organizing in-person and virtual study groups for IT projects

- Developed a Single Page Application using React.js
- Overcame a very steep learning curve when implementing Redux Toolkit — 4 slices out of 6 — resulting in more organized and maintainable code
- Implemented a verification system that only enabled sign-in from qualified users through Nodemailer and Jason Web Token (JWT)
- Added Google Authentication allowing a more streamlined sign-up process for new users
- Led logo and theme designs to create an appealing and responsive webpage that has both desktop and mobile implementation

ACTIVITIES

LEETCODE STUDY GROUP · member

Current

- Work on Leetcode easy & medium problems and practice online mock interview

TECH BLOG STUDY GROUP · member

Current

- Write an article, make a presentation, review other people's posts, and share feedbacks

VOLUNTEERING

WOMEN IN TECHNOLOGY THE REGATTA · Program Helper

Vancouver

- Set up a conference venue, guided speakers, greeted and checked in attendees, facilitated networking and actively participated in discussions

EMPLOYMENT

BC CHILDREN'S HOSPITAL

Vancouver

Medical Office Assistant

Feb. 2020 to Aug. 2021

- Minimized errors in booking urgent patients by creating excel sheets that automatically calculate the booking time frame through triage priorities
